WEATHERIZATION PROGRAM NOTICE 05-2
EFFECTIVE DATE: December 15, 2004

SUBJECT: PROGRAM YEAR 2005 STATE ALLOCATIONS

PURPOSE: To provide final State allocations for preparation and submission of applications for funding of the Low-Income Weatherization Assistance Program (Weatherization) for Program Year 2005.

SCOPE: The provisions of this guidance apply to all grantees applying for financial assistance under the Department of Energy (DOE) Weatherization Assistance Program.

BACKGROUND: Title IV, Energy Conservation and Production Act (as amended) authorizes the Department of Energy to administer the Low-Income Weatherization Assistance Program. All grant awards made under this program shall comply with applicable law, including regulations contained in 10 CFR Part 440, and other procedures applicable to this regulation as DOE may from time to time prescribe for the administration of financial assistance.

PROCEDURES: The President has signed the Omnibus Spending Bill passed the Congress that set funding levels for FY 2005. The Weatherization Assistance Program is funded at \$228,160,000. The final State allocations included in this guidance are to be used in conjunction with Weatherization Program Notice 05-1, 2005 Grant Guidance, in developing the annual grant application for Program Year 2005. Overall, this represents a funding increase of \$994,034 over the FY 2004 appropriation level for Weatherization. States should develop Program Year 2005 State Plans based on these allocations.

NOTE: Allocations are prorated from 1995 levels under Public Law 103-332 since appropriations result in total state program allocations below threshold as indicated in 10 CFR 440 (Federal Register, Vol. 60, No. 107, pgs 29469-29481, 6-5-95). Therefore, census and EIA data updated since 1995 do not impact allocations.
